- We maintain strict color standards to ensure consistent color matching across product lines.
- We search the world for manufacturers that can deliver not only quality products that measure up to our standards, but also exceptional value.
- Before we offer any product for sale, we test it thoroughly in our own labs – as well as on real kids – to make sure it delivers everything promised.

## SIZES TO FIT THE STUDENT BODY.

- Our design and quality assurance teams work hard to deliver consistent sizing across all styles, so a “medium” is always a “medium.”
