

Welcome to Second Grade!

To start our year off right, it is important that your student continues to read and practice math this summer. 2nd grade begins with a brief review, but then we are off and running! The more prepared your student is, the better!

It is important that your student spends time reading and or being read to each week. Reading to your student is one of the most important things you can do to increase vocabulary, comprehension, attention, and focus. Taking trips to your local library is a fun and exciting way to find new books!

A **Summer Reading Bingo Board** has been sent home to help your student keep track of their reading. They may color in each box as they complete it. Students who bring their completed board back in the fall will receive a special prize!

For math practice, you can play games, do puzzles and make patterns using beads. Board games and card games are both great ways to build math skills. They provide practice with not only math, but also with social skills.

Also provided is a Supply List for 2nd Grade. Please bring these items to the Elementary Open House in the fall.

Have a fantastic summer!

second grade

supply list

Please label items with your student's name
