

MRS. HAUPTMAN'S 2ND GRADE CLASS

Happy Summer 2026

Dear Parents of *Incoming Second Graders*,

I am so excited about the new year ahead!

I know this class has been hard at work so I don't want to add anything unnecessary to their summer break. I do believe that a *few minutes* of math and phonics practice *more frequently* is a great way to hold on to learning. Attached you will find a *Summer Work Log*. The students will win prizes on the *very first day of school* for filling this out. They can practice with their *karate* math flashcards sent home by Mrs. Emery, and for reading they can use the phonics flashcards offered OR work on reading books of their choosing. I'm hoping it will be something short yet meaningful that can work into your summer plans. Prizes are always a great motivation!

As a recommendation for grade level readers, I suggest any of the *I Can Read Level 1* readers. You can find them at your local library. If you can find a topic or genre your child loves, you've hit the jackpot! Some examples are *Pinkalicious*, *Pete the Cat*, *Berenstain Bears*, and *Biscuit the Dog*. For more advanced reading, I suggest chapter book series like *Ivy & Bean*, *Flat Stanley*, *Critter Club*, *Geronimo Stilton*, or *Magic Tree House*. If you'd like ideas for read aloud novels you can read to your child, I suggest *The Vanderbeekers of 141st Street*, *The Mouse and the Motorcycle*, *The Boxcar Children*, or *Stuart Little*.

I hope you have a wonderful summer break and I look forward to being your child's teacher!

Sincerely,

Abbie Hauptman
