

It's Summer!

Dear Rising Fourth Graders,

I know that you are so excited that it is summer. I am too! It is so great to have some free time to spend doing activities of your choice.

You have spent the last few months working very hard on your reading and math skills. If you do not practice over the summer, many of the things you learned will disappear.

In this packet, you will find some ways to help your mind stay full of the things you have learned this year. This will help you be ready to go in the fall. Keep track of the books you read and bring the list back to school in August. You are required to write a one paragraph summary for one chapter book that you read over the summer. You should submit your writing in paragraph form on a lined sheet of paper. You may handwrite the paragraph or type it and print it if you prefer.

The reading bingo board is an optional way to track your reading. The math pages are **HIGHLY** recommended, but not required.

Please bring all of your items to school with you in August.

I can't wait to hear about all of your adventures! Happy Reading and Math Practicing!

Love,

Mrs. Scharlach
